

UCI astronomer and colleagues confirm existence of exoplanet orbiting nearby star

The team's findings were published recently in *The Astronomical Journal*. Called G 9-40b, the body is about twice the size of the Earth, slightly smaller. Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old. Richard McClintock, a Latin professor at Hampden-Sydney College in Virginia, looked up one of the more obscure Latin words, *consectetur*, from a Lorem Ipsum passage, and going through the cites of the word in classical literature, discovered the undoubtable source. Lorem Ipsum comes from sections 1.10.32 and 1.10.33 of "*de Finibus Bonorum et Malorum*" (*The Extremes of Good and Evil*) by Cicero, written in 45 BC. This book is a treatise on the theory of ethics, very popular during the Renaissance. The first line of Lorem Ipsum, "Lorem ipsum dolor sit amet..", comes

from a line in section 1.10.32.
