Celebrating Native American Heritage Month

Wednesday, November 02, 2022

During November, we celebrate Native American Heritage Month and recognize the tremendous impacts and contributions of Native peoples. UCI Physical Sciences would like to highlight the Native Land Digital resource which strives to create and foster conversations about the history of colonialism, Indigenous ways of knowing, and settler-Indigenous relations, through educational resources such as the digital map and Territory Acknowledgement Guide.

For more information on UCI's efforts visit the Office of Inclusive Excellence Native American Thriving page.
